

The school district boundaries displayed on this map were created as a result of a boundary review conducted prior to the March and April 2004. The Michigan Center for Geographic Information (MCGI), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) in Michigan, conducted the review. Boundaries shown on this map are the result of the review and are not necessarily the result of a legal process. The districts were reviewed and all the school districts had the opportunity to review the map.

Information provided is accurate to the best of our knowledge and is subject to change as a result of a boundary review. While the MCGI makes every effort to provide accurate information, we do not warrant the information to be authoritative. Complete, current, or timely information is provided for informational purposes only. The State of Michigan does not warrant, make, or accept any responsibility for the use and application of any of the information on this map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be noted that school districts and ISDs are the official authorities regarding school district boundaries. If you believe that there may be an error in a boundary, please contact the appropriate school district or ISD for clarification and possible resolution. MCGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.
